## TECHNICAL SKILLS

Languages: Javascript, XML Python, SQL, Microsoft SQL Server, C++

Tools: HL7 v2 (ADT, ORU), Rhapsody, Linux, Jira, Git, REST APIs, FHIR R4, CCDA

Platforms: Orion Health shared platform, Windows Server, AWS (basic)

Soft Skills: Client training, technical troubleshooting, process documentation, stakeholder communication, HIPAA Compliance Awareness

## PROFESSIONAL EXPERIENCE

**Orion Health** – Minot, ND

Implementation Consultant

Aug 2020 – Jul 2023

- Designed, configured, and deployed HL7 Rhapsody interfaces, enabling seamless data exchange for hospitals and public health clients.
- Mapped HL7 messages and troubleshoot interface issues, reducing resolution time by 30%.
- Developed SQL queries to validate data integrity and support interface testing.
- Partnered with clinicians, IT staff, and project managers to deliver tailored interoperability solutions across 10+ healthcare sites.

**FIXBOX** – Minot, ND

Technical Field Engineer

Feb 2019 – Feb 2025

- Assisted with troubleshooting and validating integrations across clinical systems.
- Installed and configured network infrastructure (switches, firewalls, WAPs, VPNs) to support healthcare IT environments.
- Provided technical support across software, hardware, and networks, ensuring system uptime and data security.

**U.S. Army** – Basic Training Graduate

Feb 2025 – July 2025

- Completed intensive leadership, physical fitness, and combat training.
- Developed resilience, team coordination, and adaptability under pressure.

## EDUCATION

Bachelor of Science in Computer Science

Minot State University, Minot, North Dakota

Graduated: 2020
